

Core20

Core20 is part of the Core20PLUS5 approach by NHS England and NHS Improvement to support the reduction of health inequalities at both national and system level. The approach defines a target population cohort made up of the 'Core20' and the 'PLUS'. The approach also identifies '5' focus clinical areas requiring accelerated improvement.

For more information see the information from NHS England available here

<https://www.england.nhs.uk/about/equality/equality-hub/core20plus5/>

The Core20 is the most deprived 20% of the national population as identified by the national Index of Multiple Deprivation (IMD). The IMD has seven domains with indicators accounting for a wide range of social determinants of health. More information about the IMD is available here

<https://www.gov.uk/government/statistics/english-indices-of-deprivation-2019>

Core20 and Norfolk and Waveney

There are 42 communities across Norfolk and Waveney where some or all the population live in the 20% most deprived areas in England. However, none of these communities are in Broadland or South Norfolk.

40% of the populations of Great Yarmouth and Norwich live in the most deprived 20% of areas in England compared to 16% for Norfolk and Waveney as a whole.

Breckland

In Breckland there are six communities where some of, or all the residents in the community live in the 20% most deprived areas. These are:

- Dereham Central & Toftwood
- Swaffham
- Thetford North
- Thetford South
- Watton
